

May 31, 2024

To All Interested Parties,

**RE: PRIMARY SEDIMENTATION TANK UPGRADES (40103)**  
**Update to Expression of Interest on Site Visit**  
**Our File 0029.372-371**

Please note the following update for the upcoming site visit related to primary sedimentation tank upgrades at the Resort Municipality of Whistler's wastewater treatment plant as the date has been revised.

**Original Date:** June 19<sup>th</sup>, 2024

**Revised Date:** June 26<sup>th</sup> 2024

The primary sedimentation tank to be reviewed will now be PST-1. The site visit time remains at 10:00 AM.

Any manufacturer, vendor, supplier or contractor interested in attending site and reviewing the PST-1 equipment must provide written expression of interest to the email address provided by no later than Tuesday June 11<sup>th</sup>, 2024. If parties have already expressed interested, no further action is required. Safety shoes, high visibility vests and hard hats will be required by all attending site.
